LCI-401, LCI-1201 and LCI-1620 End of Life Notice

This is an End of Life (EOL) product notice for the sensors LCI-401, LCI-1201 and LCI-1620.

LMI's line confocal scanning technology has now transitioned to the Gocator 5500 series. The Gocator 5500s provide improved sensitivity, enabling increased scanning speeds and reduced cycle times. Transitioning to the Gocator platform also enhances the line confocal scanning technology by pairing it with LMI's latest end-to-end web-based measurement solution software package, GoPxL.

LCI sensors are available for sale at the published price from the date of this notice up to and including the Last Time Buy (LTB) date. The end of service date provided below is an estimate based on current component availability. Where components have become obsolete, LMI Technologies has completed a last time buy to secure inventory based on historical repair volumes.

Part Description	Part Number	LTB Date	Estimated End of Service	Replacement Product
LCI-401	LCI-401.01	December 29, 2023	December 31, 2028	G5504
LCI-1201	LCI-1201.01	December 29, 2023	December 31, 2028	G5512
LCI-1620	LCI-1620.01	December 29, 2023	December 31, 2028	G5516

Note: The warranty period on repaired devices ends on the End of Service date indicated above.

The above information is effective immediately. If you have any questions, please contact contact@lmi3d.com or your LMI account manager.
